SUMMARY

UX/UI Designer with 3+ years of experience designing responsive websites and mobile applications. Skilled in translating business and user requirements into user flows, wireframes, prototypes, and high-fidelity interfaces to improve usability. Experienced in Agile environments and leveraging AI-assisted tools to support research, ideation, and rapid prototyping. Strong understanding of HTML, CSS, and Bootstrap for effective collaboration with developers.

EXPERIENCE

UX/UI Designer | IBaseIT

Nov 2022 – Jan 2026

- Led end-to-end UX/UI design for 3+ web and mobile products, improving task completion and user satisfaction across key flows.
- Identified and resolved 10+ UX friction points through research and testing, reducing user drop-offs in critical journeys.
- Translated complex requirements into intuitive Figma prototypes for 3+ products, minimizing design revisions via early stakeholder alignment.
- Conducted usability testing & competitive analysis to identify friction points and improve key user interactions.
- Built a scalable design system with 30+ reusable Figma components, improving consistency and speeding up UI development.
- Collaborated with developers & stakeholders in agile sprints, ensuring timely delivery.
- Leveraged AI tools to optimize design workflows, improving efficiency in ideation, documentation, and iteration.

SKILLS

UX Design

User Research, User Flows, User Journey Mapping, Wireframing, Prototyping, Usability Testing, Information Architecture

UI Design

Responsive Design, Design System, Visual Hierarchy, UI Components, Grid Layout, Interaction Design, Typography, Variables

TECHNICAL SKILLS

- **Tools:** Figma & Canva
- **Front-End Knowledge:** HTML, CSS & Bootstrap

EDUCATION

Bachelor's Degree in Computer Science | Guru Nanak Dev Engineering College Bidar

2021
